

Nevada FQHC/CCBHC Allowable Services

October 1, 2021

The allowable services listed on this grid are intended to address the 9 core service areas as defined by SAMHSA and CMS for the CCBHC Program.

The services detailed here are for the state certified CCBHC Program under MSM Chapter 2700.

The services highlighted in yellow are services that CCBHCs and FQHCs can both provide. In order to prevent duplicative billing for FQHCs that are dually certified as a CCBHC, please refer to the FQHC MSM Chapter 2900 and the CCBHC MSM Chapter 2700.

NOTE: Providers are required to bill each service actually rendered on that day on separate lines, attaching a Q2 modifier to each of those lines.

CPT or HCPCS Code*	DESCRIPTION
Crisis Intervention Services to include: 24 Hour Crisis Response with Crisis Intervention, Crisis Stabilization, and 24 hour Mobile Crisis Services	
Crisis Intervention	
H2011 H2011 GT/HT	Crisis Intervention, per 15 minutes,
H2011, 90839/90840, 90846/90847/ 90849	Intensive Family Intervention Services can be utilized with a combination of services: Crisis Intervention Services (H2011), Psychotherapy for Crisis (90839 and 90840), and Family Psychotherapy with or w/out the patient (90846, 90847 and 90849).
H0007	Alcohol and/or drug services; crisis intervention (outpatient)
Est. Patient 99211-99215, New Patient 99202-99205	Ambulatory Withdrawal Management is an outpatient detoxification that requires medication monitoring to either assist a recipient to detox by using medications or to assist in titrating down from medications. This requires a higher level of safety protocols to be put in place for monitoring and safety of the recipient. These codes would be best utilized through office visit codes (established 99211-99215 and new patient 99202-99205). Office or other outpatient visit for the evaluation and management of an established patient, that may not require the presence of a physician or other qualified health care professional. Review 2021 CPT codes book for guidance and time requirements for each code.
Psychotherapy for Crisis/Crisis Stabilization	
90839	Psychotherapy for Crisis, first 60 mins
90840	Psychotherapy for Crisis, each additional 30 mins
24-Hour Mobile Crisis	
H2011 H2011 GT/HT	Crisis Intervention Service
Behavioral Health Screening, Assessment, and Diagnosis including Assessment of Risk	
Behavioral Health Screening	
H0002	Behavioral Health Screening to determine eligibility for admission to treatment program (1 unit per assessment at least 30 minutes)
H0049	Alcohol/drug screening (1 unit per screening)
99408	Alcohol and/or Substance Abuse Screening, 15-30 minutes
99409	Alcohol and/or Substance Abuse Screening, greater than 30 minutes
Interactive Complexity & Psychiatric Diagnostic Procedures	
90785	Interactive Complexity
90791	Psychiatric Diagnostic Evaluation
90792	Psychiatric Diagnostic Evaluation with Medical Services
Evaluation & Management-Physician, NP's, PA's.	
90833	Psychotherapy, 30 mins, with pt and/or family member when performed with an E/M service.
90836	Psychotherapy, 45 mins, with pt and/or family member when performed with an E/M service.
90838	Psychotherapy, 60 mins, with pt and/or family member when performed with an E/M service.
99202	Office or other outpatient visit for the E/M of a NEW PT, which requires 3 components: a problem focused history, a problem focused exam, and straightforward medical decision making. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of low to moderate severity. 15-29 mins face-to-face.
99203	Office or other outpatient visit for the E/M of a NEW PT, which requires 3 components: a problem focused history, a problem focused exam, and medical decision making of low complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate severity. 30-44 mins face-to-face.
99204	Office or other outpatient visit for the E/M of a NEW PT, which requires 3 components: a problem focused history, a problem focused exam, and medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. 45-59 mins face-to-face.
99205	Office or other outpatient visit for the E/M of a NEW PT, which requires 3 components: a problem focused history, a problem focused examination, and medical decision making of high complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. 60-74 mins face-to-face.
99211	Office or other outpatient visit for the E/M of an ESTABLISHED patient, that may not require the presence of a physician or other qualified healthcare professional. Usually, the presenting problems are minimal. Typically, 5 minutes are spent performing or supervising these services.

CPT or HCPCS Code*	DESCRIPTION
99212	Office or other outpatient visit for the E/M of an ESTABLISHED patient, which requires at least 2 of these 3 key components: a problem focused history, a problem focused examination, and straightforward medical decision making. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the patient's problem(s) and/or family's needs. Usually, problem(s) are self limited or minor. Typically, 10-19 minutes face-to-face.
99213	Office or other outpatient visit for the E/M of an ESTABLISHED patient, which requires at least 2 of these 3 key components: a problem focused history, a problem focused examination, and medical decision making of low complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the patient's problem(s) and/or family's needs. Usually, problem(s) are low to moderate severity. Typically, 20-29 minutes face-to-face.
99214	Office/outpatient visit est, 30-39 minutes
99215	Office or other outpatient visit for the E/M of an ESTABLISHED patient, which requires at least 2 of these 3 key components: a problem focused history, a problem focused examination, and medical decision making of high complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the patient's problem(s) and/or family's needs. Usually, problem(s) are of moderate to high severity. Typically, 40-54 minutes face-to-face.
99217	Observation care discharge day management
Psychological Assessment	
96130, 96131, 96132	Psychological Testing
96112, 96113	Developmental Screening
96132, 96133	Neuropsychological Testing
96156, 96158	Health Behavior Assessment
96161	Caregiver Health Risk Assessment, administration of patient-focused health risk assessment instrument (eg, health hazard appraisal) with scoring and documentation, per standardized instrument.
Behavioral Health Assessment	
H0031	Mental Health Assessment by Non-physician
H0001	Alcohol and/or Drug Assessment (1 unit per assessment at least 30 minutes)
96116	Neurobehavioral Status Exam
Patient-Centered Treatment Planning or Similar Processes Including Risk Assessment and Crisis Planning	
96130-96132, 96112-96113, 96132-96133	Treatment Planning is combined with behavioral health and/or psychological screens and assessments to determine the needed services for a recipient.
H2011 H2011 GT/HT	Crisis Intervention Service
H0007	Risk Assessment (Suicidality); Alcohol and/or drug services; crisis intervention (outpatient)
Outpatient Mental Health and Substance Abuse Treatment	
90832	Psychotherapy, 30 mins, with pt and/or family member
90834	Psychotherapy, 45 mins, with pt and/or family member
90837	Psychotherapy, 60 mins, with pt and/or family member
90846	Family Psychotherapy (without the patient present)
90847	Family Psychotherapy (conjoint therapy) (with patient present)
90849	Multiple-Family Group Psychotherapy
90853	Group Psychotherapy (other than of a multiple-family group)
90875, 90876, 90901	Biofeedback Training
90911	Biofeedback peri/uro/rectal
H0004	Behavioral Health Counseling; in home or community setting
H0004 HQ	Behavioral Health Counseling; in home or community setting; groups
H0035	Mental Health; Partial Hospitalization, treatment less than 24 hours (1 unit equals 60 minutes)
S9480	Intensive Outpatient Psychiatric Services, per diem
H0005	Alcohol and/or Drug Services; group counseling by a clinician (1 unit per group at least 30 minutes)
H0015	Alcohol and/or Drug Services; intensive outpatient program (3 hours per day at least 3 days per week) (1 unit equals 1 day/visit)
H0020	Alcohol and/or Drug Services; methadone administration and/or service (provision of the drug by a licensed program)
H0047	Alcohol and/or Drug Services; (State defined: individual counseling by a clinician). (1 unit per session at least 30 minutes)
96156-96159	Health Behavior Assessment
Medication Management	
H0034	Medication Training and Support; per 15 minutes
H0034 TD	Medication Training and Support; per 15 minutes; Registered Nurse QMHA
96372	Therapeutic, prophylactic, or diagnostic injection; subcutaneous or intramuscular

CPT or HCPCS Code*	DESCRIPTION
Medication Assisted Treatment for Opioid Use Disorder (OUD) Services, attaching the U5 modifier to each of those lines	
99241-99245 U5	Office consultation for a new or established patient
99354-99355 U5	Prolonged evaluation and management or psychotherapy
Targeted Case Management	
T1016	Targeted Case Management for Non-SMI, Non-SED (Level I-II LOCUS/CASII), 15 minutes
T1016	Targeted Case Management Non-SED (Level I-II LOCUS/CASII), 15 minutes
T1017	Targeted Case Management-SED, 15 minutes
T1017	Targeted Case Management-SMI, 15 minutes
Outpatient Clinic Primary Care Screening and Monitoring of Key Indicators and Health Risk	
96127	Brief emotional/behavioral assessment (e.g., Depression inventory, ADHD) with scoring and documentation per standardized instrument
80305	Drug test(s), presumptive, any number of drug classes, any number of devices or procedures (eg, immunoassay); capable of being read by direct optical observation only (eg, dipsticks, cups, cards, cartridges) includes sample validation when performed, per date of service.
80306	Drug test(s), presumptive, any number of drug classes, any number of devices or procedures (eg, immunoassay); capable of being read by instrument assisted direct optical observation (eg, dipsticks, cups, cards, cartridges) includes sample validation when performed, per date of service.
80307	Drug test(s), presumptive, any number of drug classes, any number of devices or procedures, by instrument chemistry analyzers (eg, utilizing immunoassay, [eg, EIA, ELISA, EMIT, FPIA, IA, KIMS, RIA]), chromatography (eg, GC, HPLC), and mass spectrometry either with or without chromatography, (eg, DART, DESI, GC-MS, GC-MS/MS, LC-MS, LC-MS/MS, LDTD, MALDI, TOF) includes sample validation when performed, per date of service.
G0480	Drug test(s), definitive, utilizing drug identification methods able to identify individual drugs and distinguish between structural isomers (but not necessarily stereoisomers), including, but not limited to GC/MS (any type, single or tandem) and LC/MS (any type, single or tandem and excluding immunoassays (eg, IA, EIA, ELISA, EMIT, FPIA) and enzymatic methods (eg, alcohol dehydrogenase)); qualitative or quantitative, all sources, includes specimen validity testing, per day, 1-7 drug class(es), including metabolite(s) if performed.
G0481	Drug test(s), definitive, utilizing drug identification methods able to identify individual drugs and distinguish between structural isomers (but not necessarily stereoisomers), including, but not limited to GC/MS (any type, single or tandem) and LC/MS (any type, single or tandem and excluding immunoassays (eg, IA, EIA, ELISA, EMIT, FPIA) and enzymatic methods (eg, alcohol dehydrogenase)); qualitative or quantitative, all sources, includes specimen validity testing, per day, 8-14 drug class(es), including metabolite(s) if performed.
G0482	Drug test(s), definitive, utilizing drug identification methods able to identify individual drugs and distinguish between structural isomers (but not necessarily stereoisomers), including, but not limited to GC/MS (any type, single or tandem) and LC/MS (any type, single or tandem and excluding immunoassays (eg, IA, EIA, ELISA, EMIT, FPIA) and enzymatic methods (eg, alcohol dehydrogenase)); qualitative or quantitative, all sources, includes specimen validity testing, per day, 15-21 drug class(es), including metabolite(s) if performed.)
G0483	Drug test(s), definitive, utilizing drug identification methods able to identify individual drugs and distinguish between structural isomers (but not necessarily stereoisomer's), including, but not limited to GC/MS (any type, single or tandem) and LC/MS (any type, single or tandem and excluding immunoassays (eg, IA, EIA, ELISA, EMIT, FPIA) and enzymatic methods (eg, alcohol dehydrogenase)); qualitative or quantitative, all sources, includes specimen validity testing, per day, 22 or more drug class(es), including metabolite(s) if performed.
G0438	Annual Wellness Visit, including a personalized prevention plan of service, initial visit (21 & over)
G0439	Annual Wellness Visit, including a personalized prevention plan of service, subsequent visit (21 & over)
G0445	Semiannual high intensity behavioral counseling to present STI's, individual, face to face, includes education skills training and guidance on how to change sexual behavior.
80061	Cardiovascular disease screening - lipid panel
82465	Cardiovascular disease screening - cholesterol, serum or whole blood, total
83718	Cardiovascular disease screening - lipoprotein, direct measurement; high density cholesterol (hdl)
84478	Cardiovascular disease screening - triglycerides
86780	Analysis for Antibody, Treponema Pallidum (Syphilis Testing)
82947	Diabetes screening tests - glucose; quantitative, blood (except reagent strip)
82950	Diabetes screening tests - glucose; post glucose dose
82951	Diabetes screening tests - glucose; tolerance test, three specimens
Psychiatric Rehabilitation Services	
H2012	Behavioral Health Day Treatment (* Under an approved Model of Specialty 308), per hour
H2014	Basic Skills Training, per 15 minutes
H2014 HQ	Basic Skills Training Group
H2017	Psychosocial Rehabilitation - PSR could be utilized to assist with development of a wellness recovery action plan (WRAP) for coping with crisis scenarios.
H2017 HQ	Psychosocial Rehabilitation Group - PSR could be utilized to assist with development of a wellness recovery action plan (WRAP) for coping with crisis scenarios.
98961	Education and training for patient self-management by a Qualified, non physician health care professional using standardized curriculum, face-to-face with the patient (could include caregiver/family), each 30 min; individual

*The American Medical Association holds all copyright, trademark, and other rights of the Current Procedural Terminology (CPT®).

CPT or HCPCS Code*	DESCRIPTION
98962	Education and training for patient self-management by a Qualified, non physician health care professional using standardized curriculum, face-to-face with the patient (could include caregiver/family), each 30 min; 5-8 patients
Behavior Change Intervention & Counseling Risk Factors	
96156-96159	Health Behavior Assessment
99401	Preventive med counseling
99406	Smoking and tobacco cessation counseling, greater than 3 minutes less than 15 minutes
99407	Smoking and tobacco cessation counseling, greater than 10 minutes
99420	Health risk assessment test
99490	Chronic disease self-management (disease intervention, self monitoring)
G0108	Diabetes self-management; outpatient self-management training services, individual, per 30 minutes
G0109	Diabetes self-management; outpatient self-management training services, group session, per 30 minutes
H0038	Self-Help/Peer Service; per 15 minutes
H0038 HQ	Self-Help/Peer Service; per 15 minutes; Use modifier HQ when requesting/billing for a group setting
Place of Service: Providing services in the community and in non-traditional settings	
Q3014	Telehealth Originating site facility fee
