Web Announcement 2502

Attention All Providers:

Update Regarding Rate Reduction Implementation

Nevada Medicaid had previously advised all providers ([Web Announcement 2444](#)) that due to the COVID-19 pandemic a 6% rate reduction and resulting recoupment would be implemented based on Legislative approval of Assembly Bill 3 (AB3).

At this time, the Nevada Legislature has deemed the 6% rate reduction implementation will not be necessary and Nevada Medicaid has canceled this initiative.

Special Note: Some rate reductions have already taken place for waiver provider types (PT):

- PT 48 (Home and Community Based Waiver for the Frail and Elderly)
- PT 57 (Home and Community Based Waiver for the Frail Elderly in Residential Facilities for Groups)
- PT 58 (Home and Community Based Waiver for Persons with Physical Disabilities)
- PT 59 (Home and Community Based Waiver for the Frail Elderly in an Assisted Living Facility)

Those 6% reductions, which were effective December 1, 2020, will remain in effect through June 30, 2021. More information will follow in future web announcements.
