Web Announcement 2603

**Attention Provider Types (PT) 19 Nursing Facilities and 65 (Hospice, Long Term Care) ONLY:**

**Temporary Delay in Quarterly Nursing Facility Rate Updates and PT 19 Supplemental Payments for SFY 2022 Q2**

Due to unforeseen circumstances, State Fiscal Year (SFY) 2022 Quarter 2 (October 1, 2021-December 31, 2021) Nursing Facility (NF) rates updates will be slightly delayed. Rates are expected to be updated in **November 2021**.

October supplemental payments for PT 19 and tax rate calculations will be issued approximately **October 15, 2021**. DHCFP will use SFY Q1 (July 1, 2021-September 30, 2021) NF rate setting workbook calculations for SFY Q2 Free-Standing Nursing Facilities Supplemental Payment.

Any claims submitted by PT 19 or PT 65 with dates of service on or after October 1, 2021, that paid the previous rates will be automatically reprocessed to adjudicate with the SFY 22 quarter 2 rates. A future web announcement and remittance advice message will report the results of the reprocessed claims.
