Web Announcement 2751

Attention Provider Type 86 (Specialized Foster Care):

Update on Claims Denied with Error Code 4141

Claims submitted by provider type (PT) 86 (Specialized Foster Care) for recipients that were not enrolled in a Medicaid Fee-for-Service Child Welfare (MCDC) plan have denied in error with error code 4141 (Performing facility provider type/provider specialty restriction on the procedure coverage rule). Claims that processed on or after January 31, 2022, through March 7, 2022, were not able to process correctly under the Nevada Medicaid Fee-for-Service (MCD) plan if the recipient was enrolled in only an MCD plan. The Medicaid Management Information System (MMIS) has been updated and effective with claims processed on or after March 7, 2022, these claims no longer deny in error with error code 4141.

Claims submitted by PT 86 that processed on or after January 31, 2022, through March 7, 2022, and denied in error with error code 4141 have been reprocessed automatically. Results of the reprocessed claims appear on remittance advices dated April 1, 2022.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
