Web Announcement 2996

Attention Provider Type 65 (Hospice, Long Term Care):

New Error Codes for Duplicate Inpatient Hospice Claims

Effective on claims with dates of service on or after January 30, 2023, duplicate inpatient (IP) hospice claims submitted by provider type 65 (Hospice, Long Term Care) will deny correctly with error code 5025 (Exact Duplicate IP Hospice to IP Hospice) or error code 5073 (Possible Duplicate IP Hospice to IP Hospice).

Duplicate inpatient hospice claims processed on or after February 1, 2019, through claims with dates of service prior to January 30, 2023, that paid instead of denying with error codes 5025 or 5073 will be reprocessed automatically at a later date. Results of any reprocessed claims will appear on a future remittance advice.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
