## **Nevada Medicaid Web Announcement 3035**

### **New Medicare Cost-Sharing Provider Type**

Effective March 21, 2023, Medicare providers may enroll with Nevada Medicaid under provider type 94 - Medicare Cost-Sharing. This new provider type will allow Medicare providers not currently enrolled with Nevada Medicaid to enroll for purposes of processing and adjudicating claims for Medicare cost-sharing liability for services furnished to recipients eligible for both Medicaid and Medicare benefits.

Medicare providers interested in enrolling with Nevada Medicaid for Medicare Cost-Sharing must enroll using the [Online Provider Enrollment \(OPE\) tool](#), which will accept these enrollments starting March 21, 2023. An additional web announcement will be posted with further information when enrollment is open.

Effective March 21, 2023, Medicare providers and suppliers can enroll with Nevada Medicaid under provider type (PT) 94 - Medicare Cost-Sharing.

This new provider type is for Medicare provider types not recognized by the Nevada Medicaid program for the purpose of determining Medicare cost-sharing obligations and the adjudication of cost-sharing claims for services furnished to dually eligible recipients.

Medicare providers and suppliers interested in enrolling with Nevada Medicaid under this provider type can now enroll using the [Online Provider Enrollment \(OPE\) tool](#) and can request an enrollment effective date of January 1, 2023.

A complete list of Medicare-eligible provider types can be found in [Pub. 100-04, Medicare Claims Processing Manual, Chapter 26 – Section 10.8.2 and Section 10.8.3](#).

An enrollment checklist indicating required documents to enroll as PT 94 has been posted on the [Provider Enrollment Checklists](#) webpage. Enrollment information is posted on the [Provider Enrollment](#) webpage.
