**Nevada Medicaid Web Announcement 3275**

**Attention Provider Type 29 (Home Health Agency and Private Duty Nursing Services):**

**15 Percent Rate Increase Effective January 1, 2024**

Per the Nevada State Medicaid Budget for Fiscal Year 2024/2025, a 15 percent rate increase is effective on claims with dates of service on or after January 1, 2024, for services billed by provider type 29 (Home Health Agency and Private Duty Nursing Services). The updated rates have been entered in the Medicaid Management Information System (MMIS) and claims processed on or after February 6, 2024, will adjudicate with the correct rates.

The corresponding reimbursement rates have been updated in the Sandata Electronic Visit Verification (EVV) as of January 29, 2024.

Nevada Medicaid claims with dates of service on or after January 1, 2024, through claims processed on or before February 7, 2024, that paid the previous rate will be reprocessed automatically to adjudicate with the updated rate. A future remittance advice will notify providers when the claims are reprocessed.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
