Electronic Verification System (EVS) Eligibility Enhancements

Beginning Monday June 4, 2012, providers who use the Electronic Verification System (EVS) on the Provider Web Portal will see two new notifications when checking enrollee eligibility. Pending eligibility notifications will be displayed for Eligibility Inquiries and Member Focused Viewing (MFV) searches in the coverage area. The screenshots below show sample results of the two search areas when eligibility is pending.

Eligibility Inquiry results:

Eligibility Verification Information from 05/22/2012 to 05/22/2012			
Recipient ID	Birth Date		
Coverage	Effective Date	End Date	Primary Care Provider
ENROLLEE ELIGIBILITY PENDING	05/22/2012	05/22/2012	-
Other Insurance Detail Information			

Member Focused Viewing results:

Coverage Details		
Coverage	Effective Date	End Date
ENROLLEE ELIGIBILITY PENDING	05/22/2012	05/22/2012

Also beginning June 4, 2012, new eligibility messages will appear when an enrollee is not eligible for Nevada Medicaid/Nevada Check Up. Please be aware that the following messages will appear as errors in order to alert users when an enrollee is not eligible:

- **Error:** Enrollee is ineligible
- **Error:** Enrollee is not eligible within the dates entered
