Announcement 488

## **Behavioral Health Provider Types 14 and 82: Reminders for Case Management Services**

**HCPCS code T1016** (case management) is a covered service for children and adults with a level of need determination of Levels 1 and 2 (CASII/LOCUS scores).

**HCPCS code T1017** (targeted case management) is a covered service for children and adults with a level of need determination of Levels 3-6 (CASII/LOCUS scores) and is reimbursable only to a provider type 54.

HCPCS code T1016 is NOT a covered service for children and adults with a level of need determination of Levels 3-6 (CASII/LOCUS scores).
